Student

About Me

I am a Computer Science engineering student with a passion for building practical and efficient software solutions. I enjoy working across both backend logic and frontend design, and I like turning ideas into functional, user-friendly applications. I'm constantly learning and improving my skills, exploring new technologies, and challenging myself through projects. I aim to grow as a developer by solving real-world problems and creating meaningful digital experiences.

Internship

- Dec 2025- Jan 2026
Logirtha technologies pvt. lmt. | Thanjavur
Web development intern
 - Worked on web development projects using HTML, CSS, and JavaScript
 - Gained hands-on experience in building responsive web interfaces

Certifications

- 2025
MSME | Technology development centre (PPDC)
Web Designing
 - Completed comprehensive training in web designing, gaining hands-on experience in UI/UX principles, visual design, and creating user-friendly interfaces.
 - Learned to design responsive and engaging web layouts, enhancing skills in crafting digital experiences.

Projects

- Portfolio website
 - Designed and developed a personal portfolio website showcasing skills, projects, and experience
 - Implemented responsive design using HTML, CSS, and JavaScript for a seamless user experience
 - Demonstrated ability to create visually appealing and functional web interfaces
